Management reshuffling in East Real.

The head of offices department of East Real company Ivan Pochinschikov was appointed to the position of business development director, while Andrey Tolochko has become responsible for the offices department, previously he hold a position of a senior office property consultant.

Establishment of a new position entitled «business development director» was caused by the expansion of the range of services rendered by international consulting company East Real on the real estate market. Among the most essential goals posed to Ivan Pochinschikov are new company's branches development, coordination of projects realizations at all stages, control the compliance of decisions taken with the main company's concept. Ivan's professionalism demonstrated during six years of work for East Real and his wide practical experience in real estate sector will allow him to implement perspective changes for the company's development.

Andrey Tolochko as an associate director of the offices department will be competent for management of this branch, development relations with owners and tenants and staff coordination. Andrey proved himself as an experienced specialist in commercial real estate, moreover before joining East Real in 2008, he hold a position of a head of offices department in a large regional developer's company.
